THE BEST SPRING MEDICINE

It is **SIMMONS' LIVER REGULATOR**. Don't forget to take it. Now is the time you need it most to wake up your liver. A sluggish liver brings on Malaria, Fever and Ague, Rheumatism, and many other ills which shatter the constitution and wreck health. Don't forget the word **REGULATOR**. It is **SIMMONS' LIVER REGULATOR** you want. The word **REGULATOR** distinguishes it from all other remedies. And, besides this, **SIMMONS' LIVER REGULATOR** is a Regulator of the Liver, keeps it properly at work, that your system may be kept in good condition.

FOR THE BLOOD take **SIMMONS' LIVER REGULATOR**. It is the best blood purifier and corrector. Try it and note the difference. Look for the **RED Z** on every package. You won't find it on any other medicine, and there is no other liver remedy like **SIMMONS' LIVER REGULATOR**—the King of Liver Remedies. Be sure you get it.

OUR CORRESPONDENTS

SCHERERVILLE.

After a long silence, I feel like sending another batch of Schererville news.

Health good.

Corn planting is progressing right along.

Dr. T. H. Bailey has moved into his new residence south of town.

John H. Bess & Co. have erected there a new poultry house.

An infant of Mr. and Mrs. Isham Walker died a few days ago.

Our popular merchant, Mr. W. V. Freeman, is erecting a large tobacco barn.

Jacob Ellledge made a trip to Marble Hill last week.

J. M. Crites was in our town Friday on business.

We had a good rain Sunday.

Farmers say they are getting along well with their work.

Squire Lambert is doing a good business with his saw and grist mill.

From all appearances I think that our township will ask some political favors when the Democratic party gets ready to make nominations.

I predict a wedding in these parts soon and half of it will be in town but I am not going to tell it.

Rev. John A. Dunkin preached one of the best sermons at Sylvan Sunday that I ever heard, and will lecture there once a month for the next year.

This place is represented at the Marble Hill training school by Rosewell Crites and James Null.

Prof. James Null has been employed to teach the next term of our school.

We admire Shaun Rhue's writings very much in this part of the country and would say to him to hold Tom Green and his staff down, as he can easily do.

Parson Green won another victory Saturday. Of course he will go to the senate, and I predict he will show his old Indiana certificate to the General Assembly of Missouri to commence with.

SCHERERVILLE.

TRACE CREEK.

Here I am again with a few items for the good old Press.

Health is generally good.

The weather is somewhat cool, with plenty of rain.

The farmers are not yet done planting corn, owing to the wet weather.

C. L. Sitzes is back on our creek again.

Mr. and Mrs. R. Whitener of near Zalma paid their daughter, Mrs. Cora Sitzes, a visit at this place a few days ago.

John Kelley was in Marquand on business one day last week.

J. A. Underwood and son Willie paid Marquand a visit one day last week.

John Miller is putting some improvements on his farm.

While driving along the road near Rock Point P. W. Wilkinson's pony became frightened, and ran the cart into a ditch about five feet deep; there was no great danger done, however, except cutting the harness to get the pony out of the ditch.

D. N. Shell and family of Oak Ridge paid friends and relatives a visit at this place a few days ago.

Rev. Milan Davis preached a very interesting sermon at old Trace Creek church Sunday.

It is no big job to see a man treading along the creek with a few minnows strung on a piece of bark in one hand and a fishing pole in the other.

The rain resulted in some of the folks getting to church after preaching was over Sunday. I think they will start a little earlier next time.

L. A. Sitzes went fishing the other day and reported that he caught a fine lot.

With success to THE PRESS and its many readers. Zp.

GREENVILLE, Mo., May 4, 1896.

EDITOR MARBLE HILL PRESS: In my letter some time ago I announced myself a candidate for the senate in this district, and Mr. Green, the editor of the Lutesville Banner, wants to know who I am. Well, I have concluded to wait and see "which way the cat jumps." If my party goes for gold exclusively in the platform at St. Louis, then Mr. Green, or whoever gets the nomination in this district, will find out who I am pretty soon thereafter. I am with Hon. John G. Ingalls on the money and tariff questions; propose voting as I write, and risk consequences.

I am a republican, and have been since the war, but am not a lick-head for eastern bondholders because a few bought-up papers and eastern congressmen, in cahoot with bond speculators want to adopt resolutions to give the bankers the right to issue all the paper money, do away with silver, and call said paper honest money, when every man that reads and has good sense knows that they don't intend to have gold in circulation; for there is not enough of it to give each person in the United States ten cents. When silver is dropped the goldbug paper and nickels is all the money there will be in circulation, for the gold is being shipped to the bank of England as fast as it can be found. Don't you see these men prating so much about honest money, as soon as they get enough in the bank of England will go there and let the money they have issued on the strength of their gold bonds go to the dogs and then the poor, deluded lick-head will see where the good money comes in. R. E. BELL.

All the latest and newest styles of spring and summer calicoes, best goods made, at 5c per yard, at The Leader.

BESSVILLE.

Health good.

Wheat and oats look fine.

Weather nice, warm and sunny.

Spring work has not been delayed by disagreeable weather, for since it fairly set in a man could lay off his coat and plow, build fence, etc., in comfort until a rainfall.

Corn planting has been an easy affair, and farmers are jubilant so far.

Strawberry growers will commence shipping this week.

Miss Dora Miller, who has been spending several weeks in Lutesville, returned home Saturday accompanied by Miss Iva Arthur.

The boys are anxiously waiting for the creek to clear up, so that they can go fishing and take them in. I think the finny tribe is about depleted as every body takes a hand whenever the water is in condition. Quite a number from this vicinity

Mr. Townsend, representing the Scott Hardware Co., of Paducah, Ky., visited our merchants Thursday and also took in the race.

E. W. Kimmel of Cape Girardeau was on our streets Monday.

A terrible hailstorm visited this section of the county Friday. Some of the stones weighed a quarter of a pound.

R. H. Simpkins was bitten by a copperhead snake Monday morning.

Parties from Jackson, Oak Ridge, Bloomfield, Lufkin, Lutesville, Marble Hill and other places attended the races here Thursday and Friday.

"Wm. L." beat the buckskin mare fifty yards, and on Friday he won from Lady Goldust, with a half-mile record of 50 1-2 seconds, owned by John Johnson of Oak Ridge, with fifty feet to spare. The distance run in both races was 600 yards and the stakes, \$100—scooped in by "the boys," you know. Of course the Lufkin boys, and others, too, by this time, have found out that we mean business here, and that our horse is even more on the extreme than we are. That celebrated Lufkin racer was badly done up by the slowest of our four

sprinters and of course they were afraid to back him for more than three or four dollars.

SHAUN RHUE.

We have a tremendous large stock of children's fine suits and at very low prices. The Leader.
